SETTING THE STANDARD

Austek Play are an **Australian owned** business trading for over 15 years.

Our passionate team are dedicated to customer satisfaction and strive towards enhancing and inspiring children to **get outside and play!**

We have the largest range in the industry, with over **500 standard pieces** and designs, but we don't stop there.

If you can't find what you are looking for in our standard range, our team will work with you to **design a specific custom playground** to suit your unique requirements.

The following pages offer a **small snapshot** of our comprehensive range.

Please contact one of our friendly playground consultants for more information.

INCLUSIVE - FUN FOR ALL

Inclusive Playgrounds, Ramps & Accessibility

At Austek Play we believe that play should be accessible for all children. With our innovations in inclusive play equipment, we have developed new ramps, sensory panels and interactive play systems to aid play opportunities for all abilities. These new playscapes provide platforms for physical challenges, social interaction and intellectual stimulation.

All children have the same desires for fun and excitement and we understand how important play is as part of a child's development. With our tactile and comprehensive play systems, Austek Play have taken a holistic approach to our playground design, offering a range of complete units, activities or separate components that together can form the perfect inclusive playground. With physical, cognitive, social and sensory events, Austek Play equipment facilitates the use of active play spaces where children of all abilities can play side-by-side.

Play should be accessible by all!

FROM DREAM TO REALITY

At Austek Play we believe that play should be accessible for all children. Using the latest software, Austek Play's design team can quickly create your new playground in 2D and 3D views - so you can know it's right for you, before you commit. It makes selecting a playground a breeze.

Adhering to all Australian standards, our designers are also regularly developing new play equipment and outdoor furniture pieces, looking to capture the imagination of children with exciting new physical and cognitive challenges with one focus in mind: *fun!*

OUR SERVICES

1. Playground design

Some of the areas we address in the design stage:

- How you want to use the area?
- Natural features to be utilised on the site
- Age group/ ability level and number of users that you are wanting to accommodate
- Type of activities (climbing / sliding / swinging / etc.)
- Type of surfacing and edging
- Available budget
- Shade requirements (both natural and manufactured)
- General aesthetics of the playground

2. Playground manufacture & delivery

Our team will ensure that your playground is manufactured and delivered to the highest possible standards, coordinating both locally manufactured products and products from our international suppliers.

3. Playground installation & landscaping

Our qualified team will ensure your playground is installed to the highest possible standards and is compliant with all relevant playground standards. We can either install just the playground, or if preferred, we can co-ordinate your entire project including:

- Bulk earth works
- Playground installation
- Drainage works
- Edging
- Soft fall (options include Rubber, Organic Bark, Sand and Synthetic Grass)
- Shade

4. Handover & after sales service

Upon completion we will issue a certificate of compliance to Australian Standards along with your warranty and maintenance documentation. We are always just a phone call away should you require any assistance with parts or maintenance in the future.

Austek Play installs to the highest possible standards

THINGS TO CONSIDER when budgeting for your new playground

1. Underground services
2. Temporary fencing
3. Earthworks – including cut and fill if required
4. Drainage
5. Installation of equipment
6. Soft fall
7. Edging
8. Shade (if required)
9. Warranty and after sales service

Parts & Maintenance

Austek Play carry a comprehensive range of spare parts and are the exclusive distributor for genuine Ausplay parts. With offices in NSW and QLD we will ensure we get you the parts required as quickly as possible.

Should you require any parts or service down the track, you can rest assured that Austek Play will be here to help.

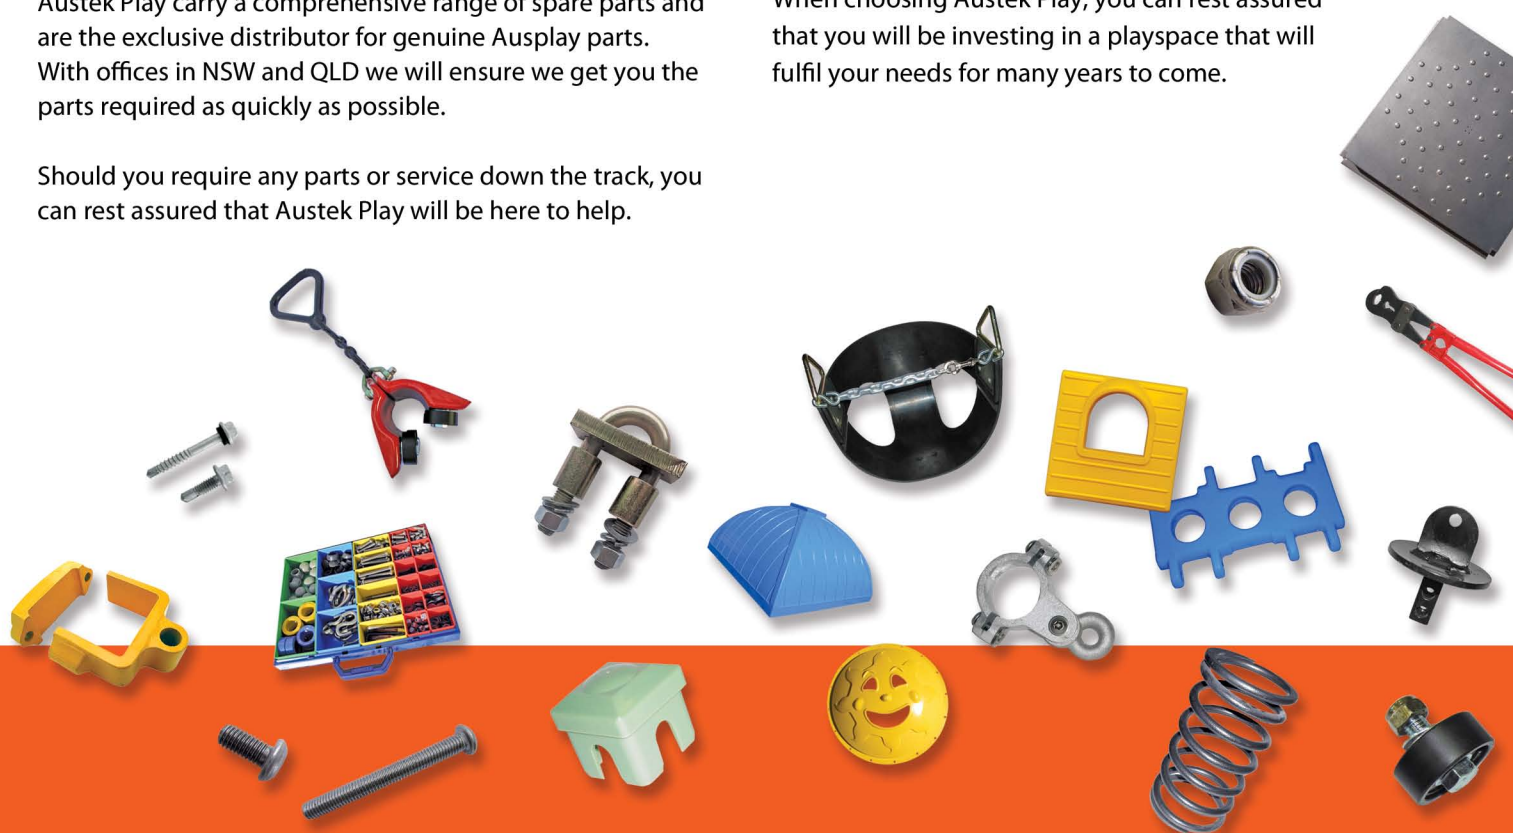

Peace of mind

As a fully licenced and insured Building company, Austek Play can ensure your new playground is installed to the highest possible standards.

Our complete range has been independently certified to comply with the latest Australian playground standards and we are proud to be able to offer one of the longest warranties in the industry.

When choosing Austek Play, you can rest assured that you will be investing in a playspace that will fulfil your needs for many years to come.
